**ROCKY MOUNTAIN  
POWER.**

# Improve Your Patients' Experience

Did you know energy-efficient upgrades can also create a welcoming atmosphere and promote patient comfort? The right lighting solutions make your space inviting and functional while saving you money. Modern HVAC controls provide high air quality, maintain consistent temperatures and boost operational efficiency.

Take advantage of Rocky Mountain Power's Wattsmart Business lighting incentives and free HVAC checkups to create your ideal healing environment.

Schedule your free  
assessment today!
